

About your NHP membership

Before Coverage Begins For Certain Services, You Pay a Deductible Each Calendar Year

Your Plan Deductible is an amount you pay for certain services each calendar year. Refer to those covered services marked "subject to deductible."

Individual members are responsible for the individual deductible per calendar year.

Family member's deductible payments contribute toward the family deductible per calendar year. The family deductible can be satisfied by combining deductibles paid for by covered family members. Each family member's contribution will not exceed the amount set for an individual deductible.

Those services subject to a deductible, are covered in full after the calendar year deductible has been met.

Before Prescription Copayments Begin, You Pay a Deductible Each Calendar Year

The Prescription Deductible is an amount you pay each calendar year before prescription drug coverage begins.

Individual and/or family members contribute towards the prescription deductible.

Once the deductible is met, copayments apply.

For Services That Are Not Subject to the Deductible, There is Either a Copayment or No Charge

There are services that require a copayment, those with no charge, and those that are subject to a deductible. Your copayment is a fixed amount you pay for certain services. Copayments do not count toward your plan or prescription deductible.

Primary Care Provider (PCP) and Obstetrical Rights

NHP generally requires the designation of a PCP. You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the PCP. Until you make this designation, NHP designates one for you.

You do not need prior authorization from NHP or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For information on how to select a PCP, or a list of the most up-to date provider information, or a list of participating health care professionals who specialize in obstetrics or gynecology, visit our website at www.nhp.org, or call our Customer Care Center at 800-462-5449 (or TTY 800-655-1761).

Your Primary Care Provider

Your PCP arranges your health care and is the first person you call when you need medical care.

Urgent Care

If you need Urgent Care, call your PCP to arrange where you will receive treatment. Examples of conditions requiring Urgent Care include, but are not limited to, fever, sore throat, earache and acute pain.

Emergency Care

In an emergency, go to the nearest emergency facility, or call 911, or your local emergency number. Please refer to your Benefit Summary for copayment amount. Your copayment is waived if you are admitted to the hospital.

All follow-up care must be arranged by your PCP. You, or someone on your behalf, should notify your PCP within 48 hours.

Customer Care Center

NHP's Customer Care Center is available Monday through Friday, 8:00 a.m.–6:00 p.m. (Thursday 8:00 a.m.–6:00 p.m.) For questions or concerns regarding your NHP coverage, contact NHP's Customer Care Center at 800-462-5449 or TTY 800-655-1761.

Utilization Management Program

The Utilization Management standards NHP uses were created to assure our members consistently receive high quality, appropriate medical care. To determine coverage, specific criteria is used to make Utilization Management decisions. This criteria is developed by physicians and meets the standards of national accreditation organizations. As new treatments and technologies become available, NHP updates its Utilization Management standards annually.

To make utilization decisions, NHP conducts Prospective, Concurrent, and Retrospective reviews of the health care services our members use.

Prospective Review

Determines if a procedure or treatment either you or your doctor is requesting is both medically appropriate and medically necessary.

Concurrent Review

During the course of treatment, such as hospitalization, Concurrent review monitors the progress of treatment and determines for how long it will be deemed medically necessary.

Retrospective Review

After care has been provided, NHP reviews treatment outcomes to ensure that the health care services provided to you met certain quality standards.

Care Management

When members have a severe or chronic illness or condition, they may qualify for Care Management. NHP's care managers work one-on-one with members and their providers to find the most appropriate and cost-effective ways to manage a condition. Together, a treatment plan that best meets the member's needs is developed with the goal of promotion patient education, self-care, and providing access to the right kinds of health care services and options.

By completing the Health Needs Assessment that every new NHP member receives as part of their member kit, our care managers can identify any potential unmet needs that may benefit by care management assistance. Care managers then reach out to the member to see if they would be interested in joining one of our care management programs.

To learn more about Utilization Management or Care Management at NHP, please refer to your NHP Member Handbook or contact our Customer Care Center at 800-462-5449.

NHP Care 1000

Benefit summary

A Business Choice plan Effective April 1, 2011

This health plan meets **Minimum Creditable Coverage** standards and will satisfy the individual mandate that you have health insurance.

MASSACHUSETTS REQUIREMENT TO PURCHASE HEALTH INSURANCE:

As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector, unless waived from the health insurance requirement based on affordability or individual hardship. For more information call the Connector at 1-877-MA-ENROLL or visit the Connector website (www.mahealthconnector.org).

This health plan meets **Minimum Creditable Coverage** standards that are effective January 1, 2009 as part of the Massachusetts Health Care Reform Law. If you purchase this plan, you **will satisfy** the statutory requirement that you have health insurance meeting these standards.

This disclosure is for minimum creditable coverage standards that are effective January 1, 2009. Because these standards may change, review your health plan material each year to determine whether your plan meets the latest standards.

If you have questions about this notice, you may contact the Division of Insurance by calling 617-521-7794 or visiting its website at www.mass.gov/doi.
