To contact the Health Connector,
call 1-877-MA-ENROLL or go to
www.mahealthconnector.org.

This health plan meets **Minimum Creditable Coverage standards** and **will satisfy** the individual mandate that you have health insurance.

MASSACHUSETTS REQUIREMENT TO PURCHASE HEALTH INSURANCE:

As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector, unless waived from the health insurance requirement based on affordability or individual hardship. For more information call the Connector at 1-877-MA-ENROLL or visit the Connector website (www.mahealthconnector.org).

This health plan meets **Minimum Creditable Coverage standards** that are effective January 1, 2009 as part of the Massachusetts Health Care Reform Law. If you purchase this plan, you **will satisfy** the statutory requirement that you have health insurance meeting these standards.

This disclosure is for minimum creditable coverage standards that are effective January 1, 2009. Because these standards may change, review your health plan material each year to determine whether your plan meets the latest standards.

If you have questions about this notice, you may contact the Division of Insurance by calling 617-521-7794 or visiting its website at www.mass.gov/doi.

About your NHP membership

Deductibles and Coinsurance Required for Certain Services

Before coverage begins for certain services, you pay a deductible and coinsurance until the out-of-pocket maximum is reached.

Your Plan Deductible is an amount you pay for certain services each calendar year. Refer to services marked "Deductible and coinsurance." Once you have satisfied your deductible, you are subject to 30% coinsurance until the out-of-pocket maximum is met.

All members are responsible for the individual deductible per calendar year.

For medical care services marked with an asterisk (*), the deductible and coinsurance amounts paid apply toward the out-of-pocket maximum. Once the individual out-of-pocket maximum is satisfied, these services are covered for the member in full through the remainder of the calendar year. Copayments for services that do not count toward your medical care out-of-pocket maximum continue to apply.

The Rx out-of-pocket maximum applies to all retail and mail order copayments and coinsurance amounts paid during the calendar year. Once the individual Rx out-of-pocket maximum is satisfied, these services are covered for the member in full through the remainder of the calendar year.

Your maximum benefit is \$50,000 per calendar year. All covered services apply toward the \$50,000 benefit maximum. Once the benefit maximum is reached, no additional coverage is provided.

Primary Care Provider (PCP) and Obstetrical Rights

NHP generally requires the designation of a PCP. You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the PCP. Until you make this designation, NHP designates one for you.

You do not need prior authorization from NHP or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

For information on how to select a PCP, or a list of the most up-to date provider information, or a list of participating health care professionals who specialize in obstetrics or gynecology, visit our website at www.nhp.org, or call our Customer Care Center at 800-462-5449 (or TTY 800-655-1761).

Your Primary Care Provider

Your PCP arranges your health care and is the first person you call when you need medical care.

Primary Care for Preventive Care Services

NHP covers primary care for preventive services for adults, women (including pregnant women) and children, which includes coverage for annual physical exams, immunization visits, well child visits and annual gynecological exams. For a complete list of eligible preventive care services, please visit www.nhp.org/hcreform or contact the NHP Customer Care Center for additional information.

Urgent Care

If you need urgent care, call your PCP to arrange where you will receive treatment. Examples of conditions requiring urgent care include, but are not limited to, fever, sore throat, earache and acute pain.

Emergency Care

In an emergency, go to the nearest emergency facility, or call 911, or your local emergency number. Please refer to your Benefit Summary for copayment amount. Your copayment is waived if you are admitted to the hospital.

All follow-up care must be arranged by your PCP. You, or someone on your behalf, should notify your PCP within 48 hours.

Customer Care Center

For questions or concerns about your NHP coverage, contact NHP's Customer Care Center at 800-462-5449 or TTY 800-655-1761, available Monday through Friday, 8:00 a.m.–6:00 p.m. (Thursday 8:00 a.m.–8:00 p.m.)

Utilization Management Program

The Utilization Management standards NHP uses were created to assure our members consistently receive high quality, appropriate medical care. To determine coverage, specific criteria is used to make Utilization Management decisions. This criteria is developed by physicians and meets the standards of national accreditation organizations. As new treatments and technologies become available, NHP updates its Utilization Management standards annually.

To make utilization decisions, NHP conducts, concurrent, and retrospective reviews of the health care services our members use.

Prospective Review

Determines if a procedure or treatment either you or your doctor is requesting is both medically appropriate and medically necessary.

Concurrent Review

During the course of treatment, such as hospitalization, concurrent review monitors the progress of treatment and determines for how long it will be deemed medically necessary.

Retrospective Review

After care has been provided, NHP reviews treatment outcomes to ensure that the health care services provided to you met certain quality standards.

Care Management

When members have a severe or chronic illness or condition, they may qualify for Care Management. NHP's care managers work one-on-one with members and their providers to find the most appropriate and cost-effective ways to manage a condition. Together, a treatment plan that best meets the member's needs is developed with the goal of promoting patient education, self-care, and providing access to the right kinds of health care services and options.

By completing the Health Needs Assessment that every new NHP member receives as part of their member kit, our care managers can identify any potential unmet needs that may benefit by care management assistance. Care managers then reach out to the member to see if they would be interested in joining one of our care management programs.

To learn more about Utilization Management or Care Management at NHP, please refer to your NHP Member Handbook or contact our Customer Care Center at 800-462-5449.

**Neighborhood
Health Plan**TM

Your health. Our promise.

FEDERAL NOTICE

The Affordable Care Act prohibits health plans from applying arbitrary dollar limits for coverage for key benefits. This year, if a plan applies a dollar limit on the coverage it provides for key benefits in a year, that limit must be at least \$750,000.

Your health insurance coverage, offered by Neighborhood Health Plan, **does not** meet the minimum standards required by the Affordable Care Act described above. Instead, it puts an annual limit of:

\$50,000 on all covered benefits.

In order to apply the lower limits described above, the Health Connector and your health plan requested a waiver of the requirement that coverage for key benefits be at least \$750,000 this year. That waiver was granted by the U.S. Department of Health and Human Services based on your health plan's representation that providing \$750,000 in coverage for key benefits this year would result in a significant increase in your premiums or a significant decrease in your access to benefits. This waiver is valid for one year.

If the lower limits are a concern, there may be other options for health care coverage available to you and your family members. For more information, go to www.MAHealthConnector.org.

If you have any questions or concerns about this notice, contact the Massachusetts Health Connector's Commonwealth Choice program at 1-866-636-4654. People who are hearing or speech impaired may call the TTY line at 1-888-213-8163.
