

Special savings for NHP members!

Pay nothing, or only your plan's copayment for many routine over-the-counter medications.

OTC drug benefit

How it works

For NHP members covered under Business Choice and Commonwealth Choice (for those plans with Prescription drug coverage) and Commonwealth Care Plan Types 2-3, the following over-the-counter (OTC) products are covered. Covered items require a prescription and may be available in quantities up to a 90-day supply at various copays. The OTC benefit is only available at participating pharmacies in the NHP network. The list may show brand names, but please note that generic products must be prescribed when available.
