**Neighborhood Health Plan President and CEO Deborah C. Enos  
Receives Boston Business Journal's Advancing Women Legacy Award**

**March 13, 2014 (Boston)** — Neighborhood Health Plan (NHP) is pleased to announce that President and CEO Deborah C. Enos is one of the recipients of the *Boston Business Journal's* 2014 Advancing Women Legacy Award, which honors remarkable women who excel in business. The award was presented today at the *Boston Business Journal's* Advancing Women breakfast.

Advancing Women honorees were selected based on their influence within an industry and the communities they serve. Enos was recognized for her lifelong commitment to ensuring the health equity and social empowerment of diverse and underserved populations.

During her nine years of leadership at NHP, Enos contributed to Massachusetts state health reform measures and forged important community partnerships. She managed NHP's successful affiliation with Partners HealthCare and subsequent launch of the *Partnership for Community Health*, a program that will provide up to \$90 million in grant funding over 15 years to support innovation among the state's community health centers.

Enos currently serves on the boards of several organizations including the American Heart Association, Association for Community Affiliated Plans, Massachusetts Association of Health Plans, Massachusetts Association for Mental Health, and UMass Boston — College of Nursing and Health Sciences Advisory Board.
